DOMESTIC SECTION 214 APPLICATION FILED FOR NETWORK TELEPHONE CORPORATION TO ITC^DELTACOM, INC.

STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 04-393

Comments Due: November 1, 2004

Reply Comments Due: November 8, 2004

On October 1, 2004, Network Telephone Corporation ("NTC") and ITC^DeltaCom, Inc. ("ITCD") (together "Applicants") filed an application, pursuant to sections 63.03 and 63.04 of the Commission's rules,¹ requesting approval to transfer control of NTC to ITCD.²

Applicants assert that this transaction is entitled to presumptive streamlined treatment under section 63.03(b)(2)(i) of the Commission's rules because the transferee, ITCD, will have a market share in the interstate interexchange market of less than 10 percent, the transferee will provide competitive telephone exchange services or exchange access services exclusively in geographic areas served by a dominant local exchange carrier that is not a party to the proposed transaction, and no party to this Application is dominant with respect to any service.³

NTC serves more than 17,000 small business customers with telephone and Internet services, including local, long distance, high-speed Internet, web-hosting, data back-up, virtual

¹ 47 C.F.R §§ 63.03, 63.04; *see* 47 U.S.C. § 214.

² Applicants are also filing an application for consent to transfer authorization for international services. Any action on this domestic 214 application is without prejudice to Commission action on other related pending applications. In addition, ITCD is separately seeking Commission approval to transfer control of Florida Digital Network, Inc. to ITCD. *See Comments Invited on Application for Transfer of Control of Florida Digital Network, Inc. to ITC^DeltaCom, Inc.*, Public Notice, WC Docket No. 04-392, DA 04-3276 (rel. Oct. __, 2004).

³ 47 C.F.R. § 63.03(b)(2)(i).

private networking service, and conferencing. NTC operates primarily in the southern portion of the United States. NTC is a non-dominant carrier in the provision of local and long distance services. NT Corporation (NT Corp.), a Florida corporation, is the parent of NTC, which holds authority to provide domestic and international telecommunications services pursuant to section 214 of the Act.

ITCD, a Delaware corporation, provides integrated telecommunications and technology services to businesses and consumers in Alabama, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, and Tennessee through its three operating subsidiaries, FiberNet, BTI and DeltaCom. ITCD delivers a comprehensive suite of voice and data communications services, including local exchange, long distance, enhanced data, Internet, collocation, and managed services, and sells customer premise equipment to end-user customers. ITCD offers these services primarily over its owned network facilities and also uses leased network facilities to extend its market coverage. In addition, ITCD owns, operates, and manages an extensive fiber optic network with significant transmission capacity that it uses for its own voice and data traffic and selectively sells to other communications providers on a wholesale basis. The Welsh Carson entities are private equity investment funds, and are not commonly owned, but ultimately are managed and controlled by the same group of individuals, all of whom are U.S. citizens.⁴ Welsh Carson also holds majority interests in Centennial Communications Corporation (Centennial) and Valor Telecommunications L.L.C. (Valor).⁵ Also, 20 percent of the voting power represented by the outstanding shares of ITCD's common and preferred stock is held collectively by M/C Venture Partners V, L.P., Media/Communications Partners III Limited Partnership, Chestnut Venture Partners, L.P. (all organized under Delaware law), and M/C Investors, L.L.C. (organized under Massachusetts law).⁶

On September 8, 2004, ITCD and NT Corp. entered into an agreement and plan of merger pursuant to which ITCD has agreed to acquire all of the outstanding shares of NT Corp.

⁴ The managing members are Patrick J. Welsh, Russell L. Carson, Bruce K. Anderson, Robert A. Minicucci, Anthony J. deNicola, Paul B. Queally, D. Scott Macksey, Sanjay Swani, Jonathan M. Rather, John D. Clark, Thomas E. McInerney, James R. Matthews, John Almeida, Jr., and Sean M. Traynor.

⁵ Centennial is a provider of wireless rural telephone systems in the U.S., and a provider of integrated communications services in the Caribbean, including Puerto Rico and the U.S. Virgin Islands. Valor is an independent local exchange company offering local, long distance, wireless, and information services primarily in rural areas in Texas, Oklahoma and New Mexico. To the extent Welsh Carson is considered a co-applicant here and its majority interest in Valor renders Welsh Carson a "dominant carrier" under section 63.03(b) of the rules, this Application qualifies for streamlined processing under section 63.03(b)(2)(ii), because NTC operates exclusively outside of the geographic areas in which Valor is dominant in its provision of local telephone service. 47 C.F.R. § 63.03(b)(2)(ii).

⁶ All but two of the members/shareholders of each of these entities are U.S. citizens. The U.S. members are James F. Wade, Peter H.O. Claudy, David D. Croll, Matthew J. Rubins, John W. Watkins, John O. Van Hooser, John P. Ward, Neil N. Sheth, Joseph S. Monaco, Russell T. Pyle, Gillis S. Cashman, Stephen F. Gormley, Christopher S. Gaffney, and John G. Hayes. The two alien members, Peter A. Schober, an Austrian citizen, and Andrin Bachmann, a Swiss citizen, do not hold any voting rights or indirect voting interest in ITCD, and their collective indirect equity ownership interest in ITCD is *de minimus*.

in exchange for newly-issued shares of ITCD common stock. To effectuate the transaction, ITCD has created a new, wholly-owned subsidiary that will be merged with and into NT Corp.

Upon consummation of the merger, the separate existence of ITCD's new, wholly-owned subsidiary will cease, and NT Corp. will continue in existence as the surviving corporation. The proposed transaction will result in a change in control of NTC, which will become a wholly-owned subsidiary of ITCD.

Applicants state that the proposed transaction is in the public interest, convenience, and necessity because it will combine the resources, assets, and customer bases of the ITCD operating subsidiaries and NTC to create a stronger competitor in the marketplace for local exchange, interexchange, and international telecommunications services, as well as other services. The proposed transaction will provide the combined company with greater market penetration in the southern and southeastern portions of the United States, and will enable it to offer consumers a wide array of services. The parties expect that this proposed transaction (together with ITCD's related acquisition of FDN, Inc.)⁷ will contribute to annualized cost savings for the combined company of approximately \$25 to \$30 million within 18-24 months of the transaction's closing, with \$20 million in cost savings expected to be realized within the first 12 months of the closing. Therefore, the Applicants assert the proposed transaction will strengthen the ability of the post-merger company to offer services in competition with other providers, including incumbent local exchange carriers, interexchange, and international telecommunications markets.

GENERAL INFORMATION

The transfer of control identified herein has been found, upon initial review, to be acceptable for filing as a streamlined application. The Commission reserves the right to return any transfer of control application if, upon further examination, it is determined to be defective and not in conformance with the Commission's rules and policies. Interested parties may file **comments on or before November 1, 2004** and **reply comments on or before November 8, 2004**.⁸ Unless otherwise notified by the Commission, Applicants are permitted to transfer assets on the 31st day after the date of this notice.⁹ Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. *See Electronic Filing of Documents in Rulemaking Proceedings*, 63 Fed. Reg. 24121 (1998).

Comments filed through the ECFS can be sent as an electronic file via the Internet to <<http://www.fcc.gov/e-file/ecfs.html>>. Generally, only one copy of an electronic submission must be filed. If multiple docket or rulemaking numbers appear in the caption of this proceeding, however, commenters must transmit one electronic copy of the comments to each

⁷ See *supra* n.2.

⁸ See 47 C.F.R. § 63.03(a).

⁹ Such authorization is conditioned upon receipt of any other necessary approvals from the Commission in connection with the proposed transaction.

docket or rulemaking number referenced in the caption. In completing the transmittal screen, commenters should include their full name, U.S. Postal Service mailing address, and the applicable docket or rulemaking number. Parties may also submit an electronic comment by Internet e-mail. To get filing instructions for e-mail comments, commenters should send e-mail to ecfs@fcc.gov, and should include the following words in the subject line “get form <your e-mail address>.” A sample form and directions will be sent in reply.

Parties who choose to file by paper must file an original and four copies of each filing. If more than one docket or rulemaking number appears in the caption of this proceeding, commenters must submit two additional copies for each additional docket or rulemaking number. Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). The Commission’s contractor, Natek, Inc., will receive hand-delivered or messenger-delivered paper filings for the Commission's Secretary at 236 Massachusetts Avenue, N.E., Suite 110, Washington, D.C. 20002. The filing hours at this location are 8:00 a.m. to 7:00 p.m. All hand deliveries must be held together with rubber bands or fasteners. Any envelopes must be disposed of before entering the building. Commercial overnight mail (other than U.S. Postal Service Express Mail and Priority Mail) must be sent to 9300 East Hampton Drive, Capitol Heights, MD 20743. U.S. Postal Service first-class mail, Express Mail, and Priority Mail should be addressed to 445 12th Street, SW, Washington, D.C. 20554. All filings must be addressed to the Commission’s Secretary, Office of the Secretary, Federal Communications Commission.

In addition, one copy of each pleading must be sent to each of the following:
